Family Dynamics in Eating Disorders

By Barbara "Bobbie" Hayes LMHC, CAP

This workshop will highlight issues faced by the family members of those with eating disorders. "Can I mention their weight, can I eat in front of them, do I hide food" are all common questions that family members of people with eating disorders ask. This workshop is designed to help clinicians increase their understanding of eating disorders and the family.

Barbara "Bobbie" Hayes LMHC, CAP, is a qualified supervisor for the state of Florida. She has been in practice for over 30 years and states she feels very grateful that she is able to find joy in her work on a daily basis. Bobbie has a strong background in working with addictive disorders, eating disorders, relationship issues, women's issues, codependency and other mental health issues.
